Rising Stars Foundation

Children and youth who participate in positive learning activities outside the classroom excel. Only one in three children in Humboldt County is currently involved. Those not involved risk being left behind.

That's why we created the Rising Stars Foundation...to expand the number and variety of quality enrichment activities for every child and youth in Humboldt County.

Your donations make all the difference. Support the Rising Stars Foundation for the benefit of all children in Humboldt County.

Support any or all of our five funds:

Young Artists Fund: Creates opportunities in the visual and performing arts, Native American art and other cultural activities

Young Entrepreneurs Fund: Mentors young entrepreneurs to turn their dreams into successful businesses

Careers and Technology Fund: Showcases student projects in vocational and technology-related areas

Health and Fitness Fund: Promotes the importance of health, wellness, nutrition and fitness

Academic Stars Fund: Supports students participating in local, state and national events in Math, Science, History/Social Science and Language Arts
