

**CALIFORNIA HEALTHY KIDS SURVEY NOTIFICATION AND WITHDRAWAL FORM
2011-12 SCHOOL YEAR
MIDDLE SCHOOL**

Dear Parent or Guardian:

Your child is being asked to be a part of our school's California Healthy Kids Survey (CHKS) sponsored by the California Department of Education. This is a very important survey that will help promote better health among our youth, improve the school learning environment and combat problems such as drug abuse and violence. Please read this form for information about the survey, and for instructions on how to withdraw your child. *If you do not want your child to complete the survey, you must notify your school.*

Survey Content. The survey gathers information on developmental supports provided to youth; school connectedness and barriers to learning, as well as behaviors such as physical activity and nutritional habits; alcohol, tobacco and other drug use; and school safety. It also includes questions regarding considering, planning, or attempting to commit suicide. You may examine the questionnaire in the school office or at your district's Web site [http://www.humboldt.k12.ca.us/sohumb_usd/school/]

The results from this survey are compiled into district and county-level CHKS Reports. To view a copy of your district's report go to <http://chks.wested.org/reports> (Outside Source) and type in the district name.

It is Voluntary. Your child does not have to take the survey. Students who participate only have to answer the questions they want to answer and they may stop taking it at any time.

It is Anonymous. No names will be recorded or attached to the survey forms or data. The results will be made available for analysis only under strict confidentiality controls.

Administration. The survey will be administered in November, 2011. It will take about one class period to complete (about 50 minutes) and will be administered in your child's class.

Potential Risks. There are no known risks of physical harm to your child. Risks of psychological or social harm are very small. None have been reported in seven years of survey administration. In rare instances, some discomfort might be experienced from the questions. The school's counseling services will be available to answer any personal questions that may materialize.

For Further Information. The survey was developed by WestEd, a public, non-profit educational institution. If you have any questions about this survey, or about your rights, call the district coordinator, Christina Huff at the Southern Humboldt Family Resource Center, 923-1147

If you do not want your child to participate, you may contact your child's classroom teacher.
